Budget

Thus funding is apportioned by the U.

Research Funding

This is, in part, due to differences in the services that each province and territory covers and on demographic factors, such as a population's age. Many FFRDCs have been managed by the same contractor since they were created.

How much would each researcher receive if competitive government research funding were distributed equally among researchers?

And in the longer term, billions of pounds of additional funding from government grants or new devolved taxes will likely be needed to meet the rising costs of service provision — even if council tax increases at double the rate of inflation each year. The Office of Science does not accept unsolicited proposals for financial assistance.

Letter from Stan Soloway, President and Chief Executive Officer of Professional

Services Council, to Dr. Funding patterns varied, with some funders showing preferences for investing in non-communicable over communicable diseases and others showing the opposite. Referrals to home, community, or institutional care can be made by doctors, hospitals, community agencies, families and patients themselves.

Research Funding

This backgrounder describes the laws and procedures under which Congress decides how much money to spend each year, what to spend it on, and how to raise the money to cover some or all of that spending.
