First Session: The Human Being

Though alive, he is like a dead man in respect of talking.

Rekaman Kajian “Shifat Al Mar’ah Al Muslimah” Karakter Wanita Muslimah

So consider this affair of creation and see how error and harm of methods have been avoided while rectitude and benefit have been secured.

First Session: The Human Being

Jawab: Anda tidaklah termasuk mahram bagi ibu dari istri ayah Anda, karena Anda ajnabi baginya. The male organ is capable of stimulation and increases in order to spawn the uterus with sperm - that beings its function, being itself incapable of developing the foetus and as such requiring the transfer of the sperm to the uterus of the female - a deep receptacle fit to preserve efficiently the two seminal fluids, to develop the foetus by expanding proportionately with the increase in its sire, to prevent any pressure on it, to preserve it till it is strengthened and is toughened. For instance, the axe which a carpenter can use and which may be used for digging the earth and for other purposes.

As for instance, a seed needs water to sprout - no rain no corn; a child is born by the union of man and woman, and without this procedure of union and insemination, no child can be born: water evaporates to cause a cloud, the cloud is moved about by air to give rain; there can be no rain without such a process. The lips and the teeth which mould the sounds into letters and words correspond to the fingers on the orifices of the pipe giving rise to music and song. It so happens in other matters as well through resemblance.

Don't you see that everything big or small has been created on a flawless plan without fault or error? People have difficulty in conversing with him, he gets annoyed with self. He would not have remembered anything even if he continued to learn a science all his life, nor would he have

determined upon a belief or faith, nor could he have compared one thing with another by analogy. A separation would have taken place just after birth of the infant from its parents.

Fatawa Al

The sky is like a canopy; the earth is spread like a carpet, while the stars set in stratum upon stratum, appear as lamps alight in their places. Beliau adalah alumni S-2, Jurusan Fikih, Program Pascasarjana, Universitas Muhammadiyah Surakarta.

First Session: The Human Being

The skull protects it as a helmet against being shattered to pieces by a knock or percussion on the head. It behoves the person, whom Allah swt has endowed with the gnosis of reality and whom He has guided to His faith, and who has been granted insight to ponder over the beauty of design underlying creation, and who is gifted with the expression of the merits of such things, on the basis of cogent reasoning and fine distinction.

Quran Collection: Al Quran Al Kareem

Had he no need to safeguard his body against heat and cold, why should he have learnt sewing, needle manufacture, spinning, weaving, cotton growing etc. Providence has granted this boon, of the profundity of which they are ignorant. If by chance, any one of them finds anything in its place to supply a need, and not knowing the purpose for which it is set there and unaware of the underlying ingenuity, he might begin to reprimand the architect of the building in his offensive rage, whereas, as a matter of fact, the fault lies with his own inability to see.
