But these three old men... none of the three of them had an aura weaker than Zi Xue Xian, and that was the aura of at least the Shattering Void Tier. These three old men were not as simple as mere elites of the Shattering Void Tier, but could even possibly come from the realm of gods! Based in Asia and also constantly aware of what's happening around the world, we set out to make a film that's not just about Chinese typography. The subject matter is Chinese medicine, making these texts ideal for those who wish to learn Chinese from real-world sources.
