I was especially pleased to see the discussions of probability, the semantic view of theories, and science studies. Peter Lipton, Cambridge University About the Author Alexander Rosenberg is Professor of Philosophy at Duke University, North Carolina, USA. But I wouldn't try marching through the whole text again.

authors style irritating - but I think this is a personal thing as he writes clearly and well, and others may enjoy his style. He has been a Guggenheim Fellow, a Fellow of the American Council of Learned Societies and the National Science Foundation.

**skynet2550.us.to: Philosophy of Science: A Contemporary Introduction (Routledge Contemporary Introductions to Philosophy) (9781138331518): Rosenberg, Alex, McIntyre, Lee: Books**

Dealing with relativism: Could the earth really be flat? The material in the first two chapters on the nature of philosophy and its relation to science was very interesting to me, but most of my students--who were taking only their second or third philosophy course--were left cold; perhaps they felt they knew too little about philosophy to be in a position to comment. If I were rating the content only, I'd give it at least 4 stars.

**skynet2550.us.to: Philosophy of Science: A Contemporary Introduction (Routledge Contemporary Introductions to Philosophy) (9780415891776): Rosenberg, Alex: Books**

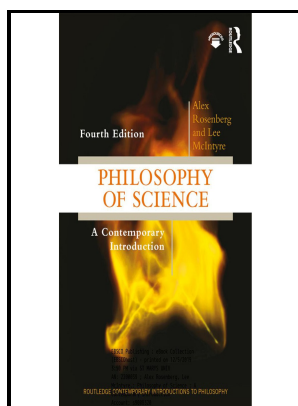

This means covering foremostly logical empiricism, its demise, and the reactions to it.

The fourth edition has been thoroughly rewritten based on instructor and student feedback, to improve readability and accessibility, without sacrificing depth. Scientific explanation, the nature of scientific laws and concepts of causation, the nature and role of theories, some of the traditional models of scientific explanation and progress like the D-N model and Popper's notion of falsification, challenges to traditional empiricism such as Kuhn's

Filesize: 64.610 MB

model and Quine's analysis of underdetermination are all covered very well. Something we hope you'll especially enjoy: FBA items qualify for FREE Shipping and Amazon Prime.
