Ethical Standards

It follows that it would be contra-productive to deviate from the policy outlined above, by supporting approaches to political or nuclear problems which are not consistent with our basic goals of European integration and Atlantic partnership, in an attempt to elicit greater support from France. Statements When the Committee met this afternoon, the Under-Secretary-General for Communications and Public Information, KENSAKU HOGEN, recalled that last May he had provided the Committee with the conceptual framework that would guide measures for the reorientation of DPI. In preparing these programs, the development of the knowledge and the management tools required for this purpose should be a prime charge upon U.

United Nations Standard Products and Services Codes (UNSPSC)

In the process of modernization economic, social, and political changes are interlocked in complex ways which U.

UNSD — Publications

Also by that draft, the Assembly would reaffirm the importance of United Nations information centres UNICs , particularly in developing countries and those in transition where there is a need for greater understanding about United Nations activities.

Foreign Relations of the United States, 1961

Our objectives, where appropriate and feasible, should be to: i maintain the independence and territorial integrity of the nation attacked; ii minimize the scope of direct U. UNESCO had played a unique leadership role there. In all these ways we should seek to promote and enhance the entrepreneurial spirit which is an indispensable component of modernization.

Foreign Relations of the United States, 1961

The accomplishment of these missions depends on a mutual awareness among civilian and military officials of the particular contributions of armed forces can make, and a willingness to offer and to accept those contributions. Interest in Arms Control and Disarmament. The containment of the Communist thrust in Latin America, the maintenance of the independence of the region, and the development there of conditions of reasonable

progress and order are required both to fulfill the general conditions of national security policy and to permit a political setting at home in which our people will support the exertion of U.
