### Ulster American Folk Park

The museum houses permanent exhibitions of traditional Russian arts ranging from many centuries. We only had about 90 minutes before needing to get to our glacier climb, and so short-changed ourselves. The program was created to foster diversity and inclusion in the museum field and combines instruction in the field of folk and self-taught art with project-based professional experience in a range of museum departments such as Curatorial, Library and Archives, Learning and Engagement, and Collections.

### The Garðskagi Folk Museum

Lots of neat exhibits with old vehicles, planes and info on ICE-SAR along with old saddles and such.

### Visit Museum of Decorative & Folk Art in Moscow

A guided tour is available of the most important locations of the Saga of Burnt Njáll: about which I have written another travel-blog. We can see through them the reflections of ages and times: from Imperial Russia to the Soviet Union. Including the old national costumes which were worn in Iceland by women in the olden days.

### A Guide To Moscow

If a subway line is heading into the city center, the voice is male, and when a subway train is heading out of the center, the voice is female. The turf house at Skógar Museum is different from other turf houses in Iceland in that it is a reconstruction of several turf houses from different places in this area.

### A Guide To Moscow

They have a number of turf and other old homes which were moved to the site and reconstructed.

All

These include Arbatskaya with its white walls and golden decorations, Mayakovskaya which is decorated in an Art Deco style, Elektrozavodskaya with a vestibule dome decorated with bas reliefs of Benjamin Franklin and Mikhail Lomonosov and Kievskaya with art masterpieces that tell the history of the country.
