This is not to say that North Korean ideology simply codified what everyone already believed. See Koichi Iwabuchi, *Recentering Globalization: Popular Culture and Japanese Transnationalism* Durham, NC: Duke University Press, 2002. A symbol for the subject-object of postrevolutionary dictatorship, Sŏng-ryŏng walks away from the villagers to weep; a crane shot creates a high angle, and then the camera zooms in quickly on his

crouching body, as if to view the righteous and now faceless individual in isolation, entirely through the gaze of the Leader.
