Szymanowski, Karol, 1882

The piece ends in sudden affirmation of E flat minor, whereupon No 5 reverts to the use of a key signature to consolidate the major equivalent in a brief melodic meditation whose nineteenth-century antecedents especially Chopin seem to make a ghostly appearance. His other significant works include opera , , , and. They seem to encapsulate all we think of as Polish in sensibility as well as universal glimpses of irony and melancholy, energy and exuberance—often enough all in the gruff elegance of one piece! He was diagnosed with an acute form of , and in 1929 traveled to , Switzerland, for medical treatment.
