A box index is available. Libby INCLUSIVE DATES 1946; 1954-1966; 1969 ARRANGEMENT Subject VOLUME 11 cubic feet
DESCRIPTION The Libby office files were created by Libby's office staff and they primarily document his service as an AEC commissioner.

3. The Struggle for International Control, 1945

Anonymous McCloy Predicts Super Atomic Bombs Within Decade. Many reports were compiled by the AEC's Division of Finance to help AEC commissioners trace construction activities and the implementation of policy decisions.

International Control of Atomic Energy

British Journal for the History of Science. This and related work led to the establishment of a radiotoxicology center and an ecology group at Pacific Northwest Laboratory during the 1960s.

The International control of atomic energy : growth of a policy : an informal summary of the officia...

Fergusson noticed that Oppenheimer was not well. Superior Court, 1934, , 39 P. Dunn Commentary by American Geneticists: Motives for the Purge.

The U.S. Nuclear Presence in Western Europe, 1954

The health study of the Uranium Mines and Mills is continuing. As with the Makhijani and Kelly manuscript, Wilcox's work falls on the periphery of legitimate postwar historical criticism surrounding the atomic bomb. As noted, a collection of older, classified Argonne records has been transferred to the National Archives in College Park, MD.

Bulletin of the Atomic Scientists of Chicago

In addition, Stinson lobbied the position to tell Stalin about the weapon. A separate note covered decisions to use the weapons, which had been one of the most challenging negotiating issues.
