History of Science and its Rational Reconstructions

These ideas often involve answers to questions like these: Where did we come from? Knowledge of the past matters in the present; being truthful about the past is a key responsibility for all of us. Collective memories and identities are interwoven with myths and folk histories.

Towards a Rational Historiography on JSTOR

His interpretation of history was based on the assumption of ordinary actions, motives, and causes, with no sympathy for theological interpretations of the past. By now we know the arguments for and against the existence of God, and all of their recent refinements and reiterations. These authors offered a reading of world history in terms of the rise and fall of civilizations, races, or cultures.

Toward Rational Exuberance : The Evolution of Modern Stock Market by B. Mark Smith

Hegel, Cambridge; New York: Cambridge University Press.

Philosophy of History (Stanford Encyclopedia of Philosophy)

He wants to take this idea seriously and try to discover some of the implications of different national traditions of academic historiography. Especially important discussions were offered by William Dray 1957, Michael Scriven 1962, and Alan Donagan 1966. Well, there really is not much danger that even a true Wagner-phile like me is going to start thinking that there really were Teutonic gods who stood around Valhalla singing splendidly to each other.

Hegel on History

The English, of course, are descendants of the Anglo-Saxons, who lived on the Baltic shores of Germany before invading Britain in the 5th Century. The market was paralyzed by panic.

Enlightenment Period: Thinkers & Ideas

What were the conditions and forces that brought it about? Findlay, Oxford: Clarendon Press, 1977. Also, certain places have been seen as particularly evocative of the divine.

Towards rational catalyst design: boosting the rapid prediction of transition

London; New York: Routledge, pp. Sketch for a historical picture of the progress of the human mind, Westport, CT: Greenwood Press, 1979.

Philosophy of History (Stanford Encyclopedia of Philosophy)

In the subsequent period of the Roman Empire, subjective freedom was recognised in terms of the introduction of formal rights for citizens. The first marketplace of sorts developed at the eastern end of Wall Street as early as the 1600s; the first items traded were not stocks but commodities and slaves.
