The general nature of the decree approach is impersonal, formal, and task-oriented.

### **Patterns of Change**

For too long, each of us has acted as if cross-fertilization is unproductive. A number of top managements have come around to adopting a revolutionary attitude toward change, in order to bridge the gap between a dynamic environment and a stagnant organization. Barriers towards bringing a change What is that one thing or element which is stopping you from bringing a change? This pullover gets its name from the purl ridges that create concentric rings around the body.
