The result is a stylish full-size truck that can be a solid off-pavement companion at the cost of on-road performance. At 15 city, 20 highway, and 17 combined, the Silverado Trail Boss is less efficient than the Ram 1500 with any engine. Hidden storage compartments under the front seats and within the rear bench are unique, and there are a number of USB ports — some directly under the infotainment screen, others within the center console, and even some in the back seat. Every path from access roads to hardcore trails are dirt, and on the day I went, it was overcast and wet.
