Muslim Spain and Portugal.pdf

Given its very early date, the evidence of the Chronicle of 754 must carry great weight and it is helpful that it tends to corroborate rather than undermine the outlines of the Muslim tradition.

Al-Andalus refers to those areas of the Iberian peninsula which were under Muslim rule at the time being described, so that, for example, it is much smaller in 1200 than in 1000.

Nuẓm al

It is perhaps invidious to single out individuals, but mention should be made of some of the main advances. They seem to have retained their tribal identities and probably their pagan religion. Mālīk al-Khawḷānī as governor to implement the fiscal reforms he had been introducing throughout the caliphate.
