Army on reviews that it conducted of Classes B and C war crimes trials held in Yokohama 1946-49 , 1946-49. Records of Naval Operating Forces, RG 313. The Government should provide a reasonable number of undergraduate scholarships and graduate fellowships in order to develop scientific talent in American youth.

### Report of the International Committee of the Red Cross on its activities during the second world war (September 1, 1939

The assertion that our military guards are now substituting for SS troops is definitely misleading. Microfilm copy of decimal correspondence of the Antiaircraft and Coast Defense Section, 1942-45 26 rolls. Many of the leaders in the development of radar are scientists who before the war had been exploring the nucleus of the atom.

#### About History

A balance between military and other research could thus readily be maintained.

#### Science the Endless Frontier

This again represents the ever continuing battle of techniques.

#### Conference reports of The Church of Jesus Christ of Latter

The Government should take an active role in promoting the international flow of scientific information. It should be drafted with great care.

#### The Harrison Report

The terms of the Members should be, say, 4 years, and no Member should be eligible for immediate reappointment provided he has served a full 4-year term.

## **Science the Endless Frontier**

The Army and Navy should continue to carry on research and development on the improvement of current weapons. Central decimal and subject correspondence, 1943-45. In this country the increase has been accompanied by more abundant food supply, better living, more leisure, longer life, and better health.

## **History of Education**

In the war to which such an armaments race is likely to lead, the United States, with its agglomeration of population and industry in comparatively few metropolitan districts, will be at a disadvantage compared to the nations whose population and industry are scattered over large areas. New products and new processes do not appear full-grown. It is freely admitted that there is need for improvement.
