Colonization and changing social structure: Evidence from Kazakhstan

Power is frequently defined by political scientists as the ability to influence the behavior of others with or without resistance. Kazakhstan is not the most famous country in Asia and it may turn out that the only things you know about it are stereotypes from Borat.

Kazakhs

Patrimonialism and Feudalism In comparison to patrimonialism, feudalism has one major similarity and several important differences. Drawing on numerous examples across various domains and from around the world, it showcases the complex manner whereby the formal features of different kinds of relations generate different institutionalized types of social structures. Indeed, Cossack leader became a Russian folk hero for his role in the conquest of that region.
