## Camcorder in the Classroom : Using the Videocamera to Enliven Cur

Video as a Subject Important as video may be throughout the curriculum, most of the school instructors at Videomaker expos are teaching or preparing to teach video as a subject itself; and they find themselves climbing through the dense branches of a decision tree. This class-tested book was written using the premise that video cameras can have a major impact on the effectiveness and motivation to learn in the classroom. Children can also create story boards with images or record their plays and presentations.
