## Volume III Issue IV

Geological Survey Program on Toxic-Waste--Ground-Water Contamination--Proceedings of the second technical meeting, Cape Cod, Massachusetts, October 21-25, 1985: U. Their comments, corrections, and encouragement were essential to this book. Steinle, Friedrich see: Schickore and Steinle Sturm, Thomas see also: Ash and Sturm Sturm, Thomas see also: Gigerenzer and Sturm Sturm, Thomas.

## Prof. Rod Tucker

In: Proceedings of the COARE 98.

## Measurement Science and Technology

Hyde : new works on 19th and 20th century german biology and anthropology. Geological Survey Toxic Substances Hydrology Program--Proceedings of the technical meeting, Colorado Springs, Colorado, September 20-24, 1993: U.

## Prof. Rod Tucker

Becoming critical: Education, knowledge and action research. Access to electronic resources has been substantially enhanced to include over 30,000 electronic journals and more than 100 full text and reference databases, largely as a result of the basic information provision of the MPG and of the National Licensing Program of the German Research Foundation.

Engineers often work under tight time restrictions and with proprietary information.

### **Communication patterns of engineers**

They reported long, rambling reports that are not well organized and relied on too much jargon.
