## The Story of Opal

There are many statements enclosed in quotation marks, and some are even sourced within the text, but you are going to have to take most at face value, or for whatever value the author has given them, because the normally expected notes citing sources doesn't exist in this narrative; and this is a novel-like narrative rather than a normally constructed biography.

## Theatre Season and Production History at Southern Oregon University

When I came again to the house we live in, the mamma was cutting out biscuits with the baking-powder can. It truly seems made up. The day they put me with her was a rainy day, and I thought she was a little afraid of them too.

## Opal: A Life of Enchantment, Mystery, and Madness by Kathrine Beck

I stood up real quick. She died at a mental health facility in England, alone and reclusive at the age of 95, probably suffering from life-long schizophrenia.

## Opal Whiteley Memorial, 100 Years of Magic & Mystery

It is probably not surprising that the odd young woman from the rough Oregon frontier should have become so engaged in establishing her connection to royalty -- combining as it did a heady mixture of the Anastasia and Cinderella fables -- but what is surprising is the degree to which the ultimately unknowable question of exactly who Opal Whiteley was, has diverted critical discussion away from the book which started the debate in the first place, namely Opal's childhood diary. Then I did begin all over, and he did so again. Consistent, perhaps, with mental difficulties that plagued her throughout her life, Opal did not do well in college, failing to complete classes and running up a horrendous list of overdue library books throughout the state.

**Opal: A Life of Enchantment, Mystery, and Madness by Kathrine Beck**

I made them to put in forêt de Chantilly at the begins of route du Connétable. Their coming was in a gentle way.

**Opal: A Life of Enchantment, Mystery, and Madness by Kathrine Beck**

It does pipe the gentle song the forest sings on gray days.

**Opal: A Life of Enchantment, Mystery, and Madness by Kathrine Beck**

After a point I realized I was done with the story, even if the book wasn't over.

**Theatre Season and Production History at Southern Oregon University**

They had a very great influence over all my observations and the recording of those observations during all the days of my childhood.
