### What do parents want?

It will provide a place for your child in the school of your choice unless all the places are already filled, or there are other special circumstances the circumstances in which a request can be refused are explained more fully in Section 2.

### Choosing Safe Toys (for Parents)

Since school violence and bullying are obvious concerns today, why not address the subjects head on—instead of allowing it to be whispered about and worried over. We wish you the very best of luck! If you decide that you do not want your child to go to the school suggested by the council and instead ask that he or she goes to another school, the council does not have to provide a school bus or any help with transport. Principals should be open to meeting with parents and should be forthcoming with information about the school and staff.

### Your starting school action plan

The rules cover expectations, and consequences for not meeting the expectations, for things like student behavior, dress codes, use of electronic devices, and acceptable language.

### Primary schools

What Does an Ideal Kindergarten Look Like? The list for each school is then ranked by whether children meet the admission criteria for that school, and this will determine if a place can be offered. Progress 8 measures how much progress pupils at a school made between the end of Key Stage 2 based on their Year 6 SATs scores and the end of Key Stage 4 based on GCSE results in up to 8 subjects including English, maths, sciences, computer science, history, geography and languages, and three other additional approved qualifications. ### Four Steps to Selecting a School for Your Child

Of course, having priority does not guarantee admission. Therefore, even if a parent put a school as a second choice their child could still be

offered a place ahead of another child whose parents had put the school down as a first choice.
