Further Chronicles of Avonlea by L. M. Montgomery

There is a story where a dude takes over the education of his dead best friend's daughter, age 10, and then falls in love with her and marries her when she's 18. This is only somewhat resolved by the end of the story but as this theme crops up in so many other of these stories, I'M STILL JUDGING IT. Montgomery, and was formed from stories she had decided not to publish in the earlier.
