Antonin Scalia's 2008 Ruling Set Parameters for Today's Gun Control Reform Debate

It is pointed out that these consist in differences of physical structure, especially in respect of the maternal functions, and also in the fact that historically woman has always been dependent upon man, who has established his control by superior physical strength. Similarly, the requirement that any lawful firearm in the home be disassembled or bound by a trigger lock makes it impossible for citizens to use arms for the core lawful purpose of self-defense and is hence unconstitutional.

SUPREME COURT: No Minimum Wage

Only the question of possible damages and benefits is considered at the in rem proceeding. Public Health 1750, 1752 2004 ; see also *ibid*. No real test of the economic value of the law can be had during periods of maximum employment, when general causes keep wages up to or above the minimum; that will come in periods of depression and struggle for employment, when the efficient will be employed at the minimum rate, while the less capable may not be employed at all.
