## Play in a Puddle on a Rainy Day

Songs can also lead to imaginative role playing in the puddles. Put on your raincoat and head outside with your child on the next rainy day, and when the sun comes out, keep track of how long it takes for a puddle to evaporate! Have you jumped in a rain puddle lately? Why do ripples form when you drop a rock into a puddle? Discover this product's environmental attributes and its contribution to LEED at. Funny stuff, and made even funnier for my son as a three-year-old because it makes him feel like he is in on the joke.

## Let it rain: puddle science

The beauty of puddle waves is no small thing by itself. Puddle jumping — As long as it is warm enough, I regularly encourage my five-year-old to put on his raincoat and boots and run outside to jump in puddles while it is raining! Puddle Music — Rain has many sounds. You probably avoid them just like I do.
