Orthodox Marxism in World Politics

- Maximisation of interests through creation of norms.
- It accepts that the state simply represents the ruling classes (inside-out approach)
- States accept hegemony because they can then rule over their own proletariats.
- In the long run, contradictions will bring the whole system down. Liberation in sight.

JOHN PLAMENATZ MAN AND SOCIETY PDF

All of these are guided and supported by the theories of Perception and Political Socialization. Many of these conceptions could not establish their validity on the way of the dissolution of capitalist states.

Machiavelli, Hobbes, and Rousseau

Seeking in the answer to the first question a key to the answer to the second. Lenin recognized the existence of state within capitalist society but claimed that the needs of different national capitalisms to expand domestic production markets led to geopolitical conflicts and the expansion of monopoly finance capitalism, including its highest form—the imperialism. Patronage type of political economy in which management often produce inefficiency, overstaffing and corruption consequently weakened the process of both economic development and democratic culture.
