Problems of Development Today

He has determined that natural as well as manmade beauty and wild life are the major attractions for the majority of tourist visiting Nepal. Narendra Kayastha has studied on South Asian Regional Tourism. Uncertain and Unpredictable Market : Market response is difficult to scale.

Prospects and Problems for the Development of Village Tourism in Nepal: A case study of Madanpokhara Palpa: Bhatta, Kushmakar: 9783846559123: skynet2550.us.to: Books

The interplay of these challenges and opportunities create important tasks for policymakers and researchers. Tourism development will also induce new business opportunities by opening market for local products, promote new skill and encourage positive change in land use and production system.

Problems and Prospects for Urban Areas

These agglomeration economies reduce the cost of city-produced goods to both city and suburban residents.

'We have taken every measure we can think of to stop the desert moving closer and submerging our crops and villages'

Favourable conditions give bumper yields and unfavourable conditions result in very low yields, and, therefore, rural income is seasonal in nature. Rural and urban customers significantly differ in terms of habits, tastes, uses, preferences, and other such aspects. Introduction Panchayat is a democratic self-ruled institution of a village, which Gandhiji rightly called the base of the real democracy or village swaraj.
