OHCHR

According to Rajila, the women worked twelve-hour shifts at various hospitals, six days a week, with one day off. For example: At national level, an overall challenge that has far-reaching implications is the high birth rate, which needs to be addressed to harness the demographic dividend and to convert the brain drain phenomena to a brain gain one.

Egypt :: Sustainable Development Knowledge Platform

The government sought to reduce the population of prisoners in pretrial detention by placing paralegals in some prisons to monitor and advise on the cases of pretrial detainees, assist with the drafting of appeals, and by directing judges to visit prisons to review and take action on pretrial detainee cases.

Venezuela

The program ensures that a diverse group of historically underrepresented youth participate and experience Canada's linguistic and cultural diversity first-hand.

Ghana

The States Parties to the present Covenant recognize the right of everyone: a To take part in cultural life; b To enjoy the benefits of scientific progress and its applications; c To benefit from the protection of the moral and material interests resulting from any scientific, literary or artistic production of which he is the author. Activities emphasized intercultural understanding, neighborliness and friendliness by drawing on the richness of each community to create a unifying and collaborative event. Māori language speakers Definition: The number of Māori who reported in the census they could hold a conversation about everyday things in Māori, as a proportion of the Māori population.
