### The Enlightenment

These questions are still debated today. It makes every day a celebration, no matter how small.

### Enlightenment In Modern Society

Finally in the third phase, modernist arts and individual creativity marked the beginning of a new modernist age as it combats oppressive politics, economics as well as other social forces including mass media.

### Enlightenment in Global History: A Historiographical Critique

By the end of the 18th century, declarations of the rights of man had made the full journey from theory to reality: France joined the United States in popular uprising. An assessment of the Enlightenment in global history, therefore, should not be concerned primarily with origins, either geographically or temporally.

century Enlightenment needs to be located on two levels: it was a product of, and a response to, global conjunctures; and it was the work of many authors in different parts of the world.

## Judaism

It is this more specific use of modern that is intended when people speak of modern art. Disputes between the church and the state could disrupt this relationship — as proved — but generally their mutual support was firm.

## Modernism: The Roots of Modernism

As Enlightenment ideas were articulated across the globe, they were gradually fused with other strands of thinking, some of which had originally been formulated against them. Individualism—the personal freedoms celebrated by Locke, Hume, , Voltaire and Kant — became part of the web of modern society that trickled down into 19th-century notions of independence, self-help and liberalism.

### What was the impact of World War I in shaping the modern world?

The revolution in Haiti was the result of the triangular trade in the Atlantic world, not only in goods and laborers, but in practices and ideas as well. The vision that began to take shape in the 18th century was of a new world, a better world.

### Taking the Enlightenment seriously requires talking about race.

Debates about Enlightenment were the product of related attempts to come to terms with a global situation. .

### The Enlightenment (1650

Arguably, however, Genghis Khan and the Mongols were the dominant force that shaped Eurasia and consequently the modern world. The globality of eighteenth-
