Additional land reforms adopted in 2008 allow farmers to transfer land use rights. Despite initial gains in farmers' incomes in the early 1980s, taxes and fees have increasingly made farming an unprofitable occupation, and because the state owns all land, farmers have at times been easily evicted when croplands are sought by developers.

To that class we may leave it to refine the vernacular dialects of the country, to enrich those dialects with terms of science borrowed from the Western nomenclature, and to render them by degrees fit vehicles for conveying knowledge to the great mass of the population. In the 1950s plans for building hydraulic-engineering structures on the Al-hida' Ho and Yangtze were drawn up; the construction of most of them was postponed because of economic difficulties.
