Genjitsu Shugi Yuusha no Oukoku Saikenki Wiki

The plan seems to work, though your method of negotiation may have irked the wrong Yakuza. Her last known location was West Park.

Chapter 5: An Honest Living

You also meet Marina, the new office secretary. Here, he tells you the Leisure King is a member of the Five Billionaires, a group of five wealthy men dedicated to controlling all the property in Kamurocho. Then, after your conversation with this man, you will pop the trophy.

Jigokudani Snow Monkey Park

Now, she has her eyesight back. Anında bir ölüm her şeyi tek bir saldırıyla sonlandırırsa amaç ne? Then, exit the same way you entered.

Yuu Koito

You simply need to bring her to Shirano to sign over the lot. Here, Oda will brief you on the meeting about to take place with a client. In this chapter, you play as Kazuma Kiryu.

Sokushi Cheat ga Saikyou Sugite, Isekai no Yatsura ga Marude Aite ni Naranai n desu ga (Title)

Here, Nishiki will pick out a nice suit which ironically makes Kiryu look more like a Yakuza. As you arrive, you see Makoto on top of a nearby building. She stops just short of admitting that she's fallen in love with Touko, pondering how disturbed she is that Touko, who hates herself, hates something Yuu loves.
