

Remote-sensing applications for mineral exploration - edited by William L. Smith.

Dowden, Hutchinson & Ross [New York] exclusive distributor Halsted Press - Computer Applications in Resource Estimation

Description: -

- Prospecting -- Remote sensing
- Remote-sensing applications for mineral exploration - edited by William L. Smith.

- Remote-sensing applications for mineral exploration - edited by William L. Smith.

Notes: Includes bibliographical references and index.

This edition was published in 1977

Filesize: 52.81 MB

Tags: #Computer #Applications #in #Resource #Estimation

Computer Applications in Resource Estimation

One of the biggest problems faced by both temperate and tropical countries is that dense forest covers much of the landscape.

The Usage of Artificial Intelligence in Remote Sensing: A Review of Applications and Current Research

Materials Science and Engineering: C 2014, 44 , 391-399.

The Usage of Artificial Intelligence in Remote Sensing: A Review of Applications and Current Research

Area shown is the same as.

Computer Applications in Resource Estimation

In addition, the spectral calibration of hyperspectral images is difficult to meet theoretical requirements. Study on Association between Spatial Distribution of Metal Mines and Disease Mortality: A Case Study in Suxian District, South China.

Frontiers

The Landsat 8 L1T data processing included systematic geometric correction, radiometric calibration, precision correction assisted by ground control chips, and the use of a digital elevation model to correct parallax error due to local topographic relief. There is little evidence of small-scale folding and minor fractures, other than those with north-westerly trends that show no preferred orientation.

The application of remote sensing to canadian petroleum exploration: promising and yet unexploited

. The area of study is located along Wadi Ham in the Northern Oman Mountains, United Arab Emirates, which is an area consisting of Semail ophiolite.
