Shifting Currents in the Arctic

Polyester fibres in the Arctic—from home laundry? As recently as 2012, experts such as Siemon Weizeman with the Stockholm International Peace Research Institute were analyzing cooperative efforts between Russia, the United States and other Arctic nations. In November 2017, PRPI joined forces with CAA in its efforts to introduce a HFO ban in the Arctic and co-hosted a panel discussion on 'Heavy Fuel Oil HFO Use in Arctic Shipping: Risks, Alternatives and Legal Options for a Phase-Out' at the 10th Polar Law Symposium in , with support from the. Back in 2016, the Polar Star was entering its 40th year of service, was operating mostly in the Antarctic, and was mission capable only by virtue of cannibalizing obsolete parts from her sister ship, Polar Sea.

Navy has conducted such an operation in the Arctic. The vast fishing potential in unclaimed Arctic waters has attracted interest from China, which consumes seafood at twice the average global per capita rate.

The Arctic Institute's Reaction to the 2019 Department of Defense (DoD) Arctic Strategy

The United States has limited options.

Center for Arctic Study & Policy

The United States and NATO Allies had been responding to these activities on many fronts. It would need to be expanded into a joint interagency task force JIATF and, ideally, be retitled JIATF-Arctic.
