Clinical Ophthalmology

The h-index is a way of measuring the productivity and citation impact of the publications. It therefore became mandatory to revise and update the present edition.

Clinical Ophthalmology: A Synopsis

Experimental Ophthalmology Study that deals with experimental methods in treating ophthalmic diseases and disorders.

Clinical Ophthalmology: A Systematic Approach

We work with you to provide the most practical and well-suited services based on your protocol. We also offer unique expertise in ocular rare disease and ophthalmic cell and gene therapies. Clinical Ophthalmology IF is decreased by a factor of 0.

Journal of Clinical Ophthalmology and Eye Disorders

Due to the rapid onset and severity of the cataract, there was concern for an iatrogenic break in the posterior capsule during vitrectomy. Whether you need support with anterior or posterior segments, rare ocular diseases, gene therapies, or ophthalmic devices and diagnostics, we know how to optimize your ophthalmic development. Currently treated with prednisone and methotrexate for Sjogren syndrome and inflammatory arthritis and was previously treated with hydroxychloroquine for 10 years, stopped one year ago.

Clinical Ophthalmology

Higher power magnification showed elevation of lesion with mildly irregular surface without surface vessels and the iris central to the lesion pushed

into folds. He often had to cover one eye to read comfortably 6 month-old male was referred by his pediatrician for evaluation of a right upper eyelid mass.

Clinical Ophthalmology

Diplopia was only present at distance and no double vision with near tasks. Authors may submit their valuable contributions through the Editor Tracking System link provided in this Journal site.
