## **Deaf People: Evolving Perspectives from Psychology, Education, and Sociology 1st Edition**

The spine may show signs of wear. A little bit dated but good information, especially for hearing people who are new to the deaf world; I recommend it as a decent base, but please don't let this be your only exposure to deaf studies and the deaf community. Description Deaf People: Evolving Perspectives from Psychology, Education, and Sociology is an examination of the psychology of the deaf community through history, current topics, and the personal experiences of the authors, two of whom are Deaf.

### **Deaf People:Evolving Perspectives from Psychology, Education, and Sociology**

Language, Cognition, and the Mind. Deaf People: Evolving Perspectives in Psychology, Sociology, and Education is an examination of the psychology of the Deaf community through history, current topics, and the personal experiences of the three deaf authors. An Introduction: Historical Perspectives of Deaf People and Psychology: 1950 to the Present.

### **Deaf People: Evolving Perspectives from Psychology, Education, and Sociology 1st Edition**

The deaf person's perspective, as this book demonstrates, is important because it is the deaf community that is most impacted by the decisions professionals make, whether in school, in the clinic, or in the family.
