Circulars on ISOnet

An agency's access to use DMI will be granted by DFEC after receiving the necessary training, and the agency's ECOMP Agency Maintenance User will manage access to DMI for individual ARs. It does not extend to the government's financial obligations that are statutory or regulatory in nature. CE-LinQ will also allow data to be transferred back and forth between iFECS and ECOMP 24 hours per day, thus speeding up communications.

Circulars: Definition, Advantages, Samples and Solved Question

Allowing the ARs to view case file documents also facilitates better Employing Agency collaboration with the OWCP in regard to disability management and return-to-work efforts. The Central Bill Pay CBP facility has updated their system to reflect the new rates.

Circulars

The rate for assessing interest charges on debts due the government was changed this year effective January 1, 2020.

Flyers

This adjustment will be made from the National Office for all cases that were correctly entered into the iFECS Compensation program. The primary use is for a condition not normally caused by a workers' compensation injury. Action: The Central Bill Pay CBP facility has updated their system to reflect the new rates.

Flyers

Employers will also have the ability to calculate the estimated AR subsidy. Currently code 99070 is not considered a reimbursable code for the Office of Workers' Compensation Programs', Division of Energy Employees Occupational Illness Compensation or the Center for Medicare Services.
