Ben Witherington: Misanalyzing Text Criticism

And less people are familiar with Armenians and the Genocide - so more explanation and background is required - IMO. If so, then you really have led a sheltered life. Martin has done an excellent job of familiarizing himself with the various scholars and their views.

So the Turks could perhaps sense that if they did not act decisively they were doomed this was the only option to them as they saw it - having rejected cooperation with the Armenians - as they were unwilling to cede their pre-eminent status. They, just like any empire wanted world domination. Additionally you acknowledge Enver's pan-Turanism - of course - it was a major driver - and he was the major driver for the Ottoman's entering WWI and he was very much in on the decisions regarding Armenian policy.
