The key with effective development of a market position is to show how your offering best fills the needs or desires of customers relative to the other solutions on the market. For instance, students could study their spelling words in small groups or in pairs, but could still be responsible for their own test grades. This problem, of course, can arise under oligopolies or monopolies.

Competitive Marketing Concepts

The exact number of buyers and sellers required for a competitive market is not specified, but a competitive market has enough buyers and sellers that no one buyer or seller can exert any significant influence on the dynamics of the market.
