## Ecology and Society: Social

However, other studies of American politics offer contradictory findings.

## Putting Gender into Political Economy Analysis: why it matters and how to do it

First, as many have argued, too little attention is still given to issues of intersectionality Collins ; Hancock ; Weldon. The following section addresses the ways in which social anthropology and political ecology built on these critiques to address questions of social diversity and power. The evolutionary basis of rigidity: locks in cells, minds, and society.

## Rethinking youth bulge theory in policy and scholarship: incorporating critical gender analysis

So, for example, it facilitates the incorporation of gendered analyses of globalization and global restructuring as well as of global processes such as migration that impact on debates around citizenship and nation and other themes that often figure within gender and politics scholarship. Figure presents gender differences in voter participation across 16 countries. Ecology and Society 12 2 :36.

## Introduction: Gender and Politics: A Gendered World, a Gendered Discipline

To provide concrete ideas about how to actually do a gendered political economy analysis using the tools in the guide, the uses a possible development problem as a worked example at each step of the note.

## Oxford Handbook of Global LGBT and Sexual Diversity Politics

They went on to explore the role of expert theorization, as modern-day witch doctors who call themselves sociologists, economists, and management consultants divine laws of the organizational universe and promote practices that conform to those laws. More than a living: fishing and the social order on a Polynesian atoll. Pigs were ritually slaughtered in a grand feast once their population became too high, allowing the pig-to-

human ratio to be re-established and the environment to return to its natural carrying capacity.

## **Does Integration Change Gender Attitudes? The Effect of Randomly Assigning Women to Traditionally Male Teams**

Tidsskrift for kjønnsforskning, 2, 102—119. Our key premise is the importance of inter- and multi-disciplinary perspectives. The section Historical changes outlines how social science theory has highlighted and dealt with such cleavages.

### **Dissertations**

And some studies confirmed that the presence of women did change decision-making and policies Wängnerud ; Swers ; Celis ; Kittilson ; Schwindt-Bayer.

### **Dissertations**
