The children are very engaged in their learning and it shows in their positive improvement. My only advice would be to let children read all of the books, discuss them, and understand the themes: this is more important than shielding them. Reproduction in whole or in part without permission is prohibited.

## Children

This step is the teacher-modeling component of the Read Naturally Strategy, which helps the student learn new words and master others as well as learn proper pronunciation, expression, and phrasing.

## Harry Potter Age

There are some giant spiders and one giant snake, and the climax could be a little scary to kids. I agree that its up to the parents to help explain but any good parent would take the time to actually give attention to their child to help them understand things.

## Sixth Grade Magazines

Students' reading comprehension is assessed. You, and only you, know if YOUR child can handle it. He read aloud to me.
