Strengths of the Current National Security Strategy

A number of these monitoring efforts are described in. US interventionism was motivated primarily by the goal of containing the influence of communism, and essentially meant the US was now a leader in global security, economic, and social issues. The same can be said for social, economic, and political observations: Multiple monitoring programs exist, with diverse purposes, and only a few of these are organized to inform security analysis.

The National Security Strategy Is Not a Strategy

The meetings were an important symbol of the end of the Cold War, the Berlin Wall having come down just a few months earlier. Or he could repudiate and renounce U. The Global Climate Observing System, sponsored by the World Meteorological Organization; the United Nations Educational, Scientific and Cultural Organization; the United Nations Environmental Program; and the International Council for Science, is charged with advising the community on global climate ob- servations and overseeing implementation based on UNFCCC standards.
