### **Marianela by Benito Pérez Galdós**

Was Marianela Nunez ever been engaged? But one day a famous doctor appears and promises to operate him so he can see. Based on the book of the same title by Benito Pérez Galdós, the film tells the story of a young orphan called Marianela Mary Carrillo in her first movie role who works as a guide for the born blind son of the local coal mine owner, Pablo Julio Peña.

### **Marianela by Benito Pérez Galdós**

The point was something else entirely. I don't know very much about plants, really. His father is happy to know this way he will be able to marry her.

### **Marianela**

Hallábase en un lugar hondo, semejante al cráter de un volcán, de suelo irregular, de paredes más irregulares aún. How rich is Marianela Nunez? If not for one thing: Pablo is blind. Marianela Nela is an orphan young girl living in a small village where she guides the blind young son of a rich country man.

### **Marianela by Benito Pérez Galdós**

It's sad but well written. Few authors could provide such a gripping description of an industrial process and also present us with a character as memorable as La Nela.

### **Marianela : Pérez Galdós, Benito, 1843**

Nela's character will be hard to forget, she touched me really deeply with her despair and her sufferings. Nela's character will be hard to forget, she touched me really deeply with her despair and her sufferings.

### **Marianela (1972)**

Después de varias vicisitudes, Golfin otorga a Pablo el don de la vista y con esto la esperanza de conocer un mundo lleno de maravillas. So,

sentimentally, I am not happy with this book.
