## Articles

Transitions in no-majority places varied considerably over time.

## Arthur A. Stein

According to its most simple definition, racial discrimination refers to unequal treatment of persons or groups on the basis of their race or ethnicity. Communications Revolutions and International Relations with Cherie Steele.

## Online racial discrimination: A growing problem for adolescents

The charge for this article was a focus on racial discrimination in employment, housing, credit markets, and consumer interactions, but many of the arguments reviewed here may also extend to other domains e. These interventions should be comprehensive with an explicit focus on adaptive coping strategies and developing critical media and racial literacy.

## Articles

In sum, small, diverse classrooms with CLT learning structures are the ideal school environment for fostering cross-race friendships. The enduring significance of racism: Discrimination and delinquency among Black American youth. The effect of childhood segregation on minority academic performance at selective colleges.

## Front Matter on JSTOR

Motivations for entering interracial relationships have been studied through the analysis of personal ads and through retrospective self-reports of individuals in interracial marriages. Recent work based on formal modeling suggests that the effects of past discrimination, particularly as mediated by ongoing forms of social segregation, are likely to persist well into the future, even in the absence of ongoing discrimination see ,.
