This statement is of huge importance. The analysis of baddala also shows that what is not good, according to the qur'ānic judgment, is to change faith into disbelief Q II, 108 , or to change the tidings of God into disbelief Q XIV, 28 , and more especially to change the word of God that has been given.

Reading the Bible Intertextually, Book Review

There are indeed two possibilities of interpretation: either the text states that it confirms the previous scriptures in their status of revealed scriptures, or the text states that it confirms the contents of these scriptures by providing the same contents, or by offering new proof for what they declare. The allusions possibly will furthermore mean that novelistic discourses are not innocent pieces of individual creative prowess but are texts that talk to others that have come before them and in some instances those that come after them, and are also utilized as launch pads by the authors to move forward their agenda. For most biblical scholarship, though, it is at this point where things usually end.
