White has made the e-pawn advance see above and as you can see, the inactive bishop on c1 will, in the near future, get out into the center.

Basic Chess Moves

No, but you can win against lesser mortals.

This bishop will bite on granite. A good tool for avoiding book variations, for blitz play , or for forcing opponents to think for themselves early on.

Basic Chess Moves

Will you surprise one of the chess giants? Or try it again for the first time! But if you are on a higher level of play, you should choose a more complex opening like the Queens Gambit or you will have difficulties beating weaker opponents as the game does often lead to a draw.
