Billed as an eroge, Daiteikoku features numerous erotic scenes between Tougou and the game's female cast, with some scenes between other characters. It is unclear if the fusion with Kid Buu's reincarnation restored Grand Supreme Kai's full godly power as it is unclear if Uub inherited Kid Buu's portion of said power from Kid Buu. Gekiatsu Dai-Oh fights without weapons, using rapid punches and kicks to overpower the opponent.
