This chart summaries the statutory controls on noise from various construction activities at different times of the day : An application for a Construction Noise Permit for the two categories of works must be made to the Noise Control Authority in the respective prescribed form and accompanied by a cheque of the prescribed fee. The first paragraph, quoted below, controls the bulk of a wall or fence when coupled with height control , insures a minimum passageway between a fence that parallels a building on a lot, and provides for enclosed spaces, such as a patio, by allowing a wall or fence to be attached to a building.

## Noise Management

In some residential areas, covenants should be checked because they may prohibit or strictly limit fences. Also, it is a law unique to Davis what a GREAT CITY!! Several states have maximum permissible land use sound levels in dB A.

## New York City needs to better regulate noise

They haven't come by as often, maybe because they don't come when she calls.

## Fences

I'd propose an alternate solution. It limits the sound level to a specific level at a prescribed distance. Some of the best solutions for effective noise control in residential and Mass loaded vinyl, green glue, soundproof curtains, acoustic foam, etc.

## Noise

A vague law impermissibly delegates basic policy matters to policemen, judges, and juries for resolution on an ad hoc and subjective basis, with

the attendant dangers of arbitrary and discriminatory application. Many apartment leases have clauses prohibiting tenants from making excessive noise or playing loud music, and tenants may be evicted for violating these lease provisions.

### **Noise regulation**

My court date is next week, and we'll see what happens. The NSW ordinance to noise control regulations : the first four years.

### **Noise Control in Multi**

These provisions of the Noise Ordinance mean that there may be several areas--especially in West Berkeley--that are not noise compatible with existing residential uses. The following noises shall be considered to be a public nuisance and an unlawful noise disturbance regardless of the time of day: 1. It's like moving in next to the airport and then complaining that the planes make too much noise.
