## The Story of the Roman Amphitheatre

The original outer facade had three stories of arches which was almost completely destroyed in a major earthquake in the 12th century leaving only the outer ring with two stories of arches, all built in local white and pink stone. The Flavian emperors, as Vespasian and his sons Titus 79-81 and Domitian 81-96 were known, attempted to tone down the excesses of

the Roman court, restore Senate authority and promote public welfare. Restoration efforts began in the 1990s, and have proceeded over the years, as the Colosseum continues to be a leading attraction for tourists from all over the world.

## The Story of the Roman Amphitheatre by David Bomgardner, Paperback

Instead of calf-length greaves, both these types wore leg-protectors that came well above the knee.

Visiting the Amphitheater and Other Wonders in Pompeii The amphitheater is part of the and located on the east side, close to the House of Foro Boario. Unlike many earlier amphitheaters, which had been dug into hillsides to provide adequate support, the Colosseum was a freestanding structure made of stone and concrete.

## Story of the Roman Amphitheatre

They all lived in Carthage which was a booming metropolis in the Roman Empire, well-known for its trade and military strength around the ancient

world. It was finally remodelled in 1863 to serve as a bullring.

**0415301858**

Hence by the Augustan period the term *murmillo* replaced the old term *sannis*, designating a people south of Rome who had long since been subjugated by the Romans and absorbed into their culture.
