Both the Latin and Cyrillic alphabets are used in Yugoslavia, which is composed of six republics. He thus disagrees with Smith that ethnic groups from premodern times form the root of nations.

The EU's Enlargement Strategy on the Western Balkan

Imam at-Tabari spent 12 years writing this encyclopaedia on Islamic history. Nationalists claim that certain similarities should count as the definition for the political community. Noteworthy, is that Smith does not explain is why some etnies develop into nations, since it seems to be that there are far more etnies than states.

Impacts of the Global Economic Crises of 2008 on the Economy of Countries in Transition: Case Study of Balkan Region

But the Serbs practice Eastern Orthodoxy and write in Cyrillic alphabet.

The Case of Goa: History, Rhetoric and Nationalism

Together the states wanted to create favorable conditions for economic growth and recovery after the Second World War.

Nagorno

This applies particularly to the global south, where intraregional economic interdependences tend to be weak. These factors severely limit the chances to resolve the dual Prisoners' Dilemma and find a means to achieve mutual cooperation. I will judge how relevant these theories are for the explanation of my case.

Nagorno

The core assumption in the other set of theories is that the preference of people is driven by group attachments.
