## Literacy

Ignoring differences of language, alphabets, literateness of environment, and levels of previous or other literacy among the learners, it would seem safe to reckon that the minimum time for developing skills in literacy and numeracy adequate to support livelihood and other development is 360 hours, plus more hours of learning and practice.

## Literacy

The Rangpur Dinajpur Rural Service RDRS offers a package of livelihood skills, mainly in small-scale agricultural production; social knowledge, attitudes and practices; health practices; and literacy for the majority of its members, who have had less than five years of primary schooling RDRS 1999. Perhaps the most unfortunate aspect of Dakar was the infighting between agencies, particularly between UNESCO and UNICEF, sister agencies in the United Nations system and today in open competition for hegemony over the world panorama of education, and specifically over EFA. The activity currently reaches families in the Assiut, Beheira, and Sohag governorates.

## Report of the Study on Women Empowerment

CHWs spread messages to prevent and respond to gender-based violence, focusing on early marriage, domestic violence, and female genital cutting. There were two systems which is operational under this scheme: a in the first system, students could receive a voucher, which they could use to purchase education or training of their choice. Instead, it trains personnel of the 25 participating NGOs to be the trainers in those skills.

## Literacy

The United Nations Food and Agricultural Organization FAO in India and several other countries, World Education Inc.

## DVV International: What Happened at the World Education Forum?

Rania Ibrahim, 20, is a first-year student at the faculty of commerce; her ambition is to become a businesswoman. Each university proposes the

number of new students general and technical secondary school graduates to be enrolled in each faculty according to its faculty and physical resources. Though there is variation across the districts and mandals, a major chunk of them were only having primary education.
