### Lucrezio in Toscana. Studio su Alessandro Marchetti

With the death of Alfonso II, the Duchy of Ferrara became part of the , and the Duchies of Modena and Reggio passed to his nephew , a descendant of the d'Este family through an illegitimate line. Shocked by the death of the young Duchess, Bronzino dedicated a posthumous sonnet to her. Works cited: — Albrecht, M.

### Lucrezio in Toscana. Studio su Alessandro Marchetti

The dissertation, though convincing and abundant in texts, comes across in the end, however, as being somewhat repetitive. Nota: La disponibilità prevista fa riferimento a singole disponibilità. Per altre sue opere di successo fu attaccato dagli oppositori di Galileo.

### BiblioToscana

After some time, Duke Cosimo I expressed dissatisfaction with his son-in-law that he was delaying his return for his wife.

### Alessandro Marchetti (matematico)

La sua complessa figura, accostata in seguito a quelle dei santi, è divenuta celebre anche grazie allo zelo editoriale di Albert Camus, che dopo la morte di lei a soli 34 anni, ne ha divulgato e promosso le opere, i cui argomenti spaziano dall'etica alla filosofia politica, dalla metafisica all'estetica, comprendendo alcuni testi poetici. Of particular interest is her digression on the erotic reading of book IV of the DRN in the Italian Renaissance, in that she shows how Lucretian erotology fused with the neo-Platonic counterpart of Ficino and eventually became the doctrine with the greatest influence in the love poetry of the European Renaissance.

### BiblioToscana

On 3 July, he and Lucrezia were married in the chapel in the or according to another version in the Basilica of , by the bishop of Cortona, Giovan Battista di Simone Ricasoli.

### Epicureismo e pederastia Il «Lucrezio» e l'«Anacreonte» di Alessandro Marchetti secondo il Sant'Uffizio

The marriage between a prince from the House of Este and a princess from the House of Medici was opposed by a pro-French party at the groom's court.

**Alessandro Marchetti (matematico)**

Dizionario Biografico degli Italiani — Volume 30 in Italian. Conte, mistaken when he claims VII-X that it deserves to be added to the section which Ernst Robert Curtius devoted to the Topica in his seminal work, European Literature and the Latin Middle Ages, since it is a most enlightening study, written with precision and good taste. She shows how, in spite of the apparent permissiveness, those writers who dealt with Lucretius to any extent had to repudiate the Epicurean heresies publicly and in the strongest terms.
