## Before It Is Too Late : A Dialogue Between Aurelio Peccei And Daisaku Ikeda Solution Manual

Exchanging viewpoints and insights that have matured over many years of thought, study and reflection, the discussants address a number of critical questions under three broad headings: man and nature, man and man, and the human revolution.

### Before it is Too Late: A Dialogue

The best prospect for the future lies in an ethical revolution whereby humanity can find a fresh understanding of itself in holistic connection with, rather than separation and alienation from, the planet itself.

During each of these, more than half the species of living organisms became extinct. There is a danger that human actions will produce a 6th extinction event comparable to five largest events that are found in the geological record.

### Before it is too late : a dialogue between Aurelio Peccei and Daisaku Ikeda

By this, they mean a revolution in the way that humans think of themselves. Today there is unequivocal scientific evidence that if the use of fossil fuels is not replaced by 100% renewable energy within the next few decades, we will pass a tipping point.
