**Henry IV, part 1: Entire Play**

Mayenne was angered that he had not been consulted prior to this admonishment, but yielded, since their aim was not contrary to his present views. He was known as Henry Bolingbroke before ascending to the throne.

**May 14, 1610: Assassination of Henri IV, King of France and Navarre. Part I.**

After regaining power, Richard did not punish Henry, although he did execute or exile many of the other rebellious barons. She then became a spiritual and political leader of the French Huguenot movement.

**Henri IV Archives**

Then Henri III, driven from Paris by the League on account of his murder of the duke of Guise at Blois 1588 , sought the aid of the king of Navarre to win back his capital, recognizing him as his heir. Becket's cult was then still thriving, as evidenced in the monastic accounts and in literary works such as , and Henry seemed particularly devoted to it, or at least keen to be associated with it.

**Hotel Résidence Henri IV**
